

Myanmar Koei International is currently seeking a skilled Japanese Interpreter to join our dynamic engineering department. This role involves close collaboration with our infrastructure team.

Job Title: **Japanese Interpreter**

Job Description:

- Translate documents and emails from Japanese to English.
- Collaborate with team members to ensure accurate details and timely delivery of translations.
- Proofread, report, and edit translations as necessary to ensure high-quality outcomes.
- Attend meetings, participate in discussions in Japanese, and write Japanese reports as required by project needs.
- Provide cultural guidance to ensure translations are appropriate for the target audience.
- Stay updated with industry trends and developments in translation technology.

Job Requirements:

- Bachelor's degree in a related field preferred.
- Minimum Japanese language proficiency level: N3/N2 JLPT certification (validated within the past 3 years).
- Proven experience as a Japanese interpreter.
- Excellent verbal and written communication skills in both Japanese and English

Dead line of application: Rolling basis until the position is filled.

Please send your application and updated CV to recruitment@myanmar-koei.com.
